

# GLOBAL OPPORTUNITY, FEDERAL SUPPORT

## TOOLS TO HELP YOU SUCCEED

The Export-Import Bank of the United States (EXIM) is the official export credit agency of the United States. As an independent, federal government agency, EXIM supports American jobs by financing the export of U.S. goods and services.

At EXIM, we know competing in foreign markets is challenging and risky. That's why our solutions are designed to take the worry out of exporting and give your company the competitive edge to win more sales. EXIM fills in the gap by equipping U.S. businesses with the tools to compete in the global market.

### Export Credit Insurance

Sell to customers abroad with confidence. You'll be able to extend credit to buyers, protect against nonpayment, and improve cash flow.

### Working Capital Loan Guarantee

Compete globally by unlocking cash flow. Use a loan guarantee to help fund the production of your goods and services—covering expenses like inventory, payroll, and more.

### Buyer Term Financing

Term financing helps your international buyers to obtain commercial lender loans and purchase U.S. capital goods or related services.
