PREMIUM RATE SCHEDULE:

Short-Term Multi-Buyer Express Policy

Depending upon the type of EXIM Export Credit Insurance policy, premium rates and terms can vary. In the case of the Multi-Buyer Express Policy (ENB), the premium rate schedule is the same regardless of the buyer’s country. Instead, the rate is based upon two factors:

- The payment terms agreed upon with the buyer
- The class of transaction, as decided by the buyer’s risk category type (private sector, letter of credit, sovereign, or financial institution)

To determine your premium rate(s), first determine which Risk Category Type your transaction falls under: Class I, Class II, or Class III. Then, consult the Premium Rates table.
**EXPRESS POLICY PREMIUM RATES**

Rates are for all reportable transactions per $100.00 of contract price, letter of credit, or invoice value (including shipping and insurance charges if billed to the buyer) but exclusive of interest.
